

# RF Shielded Pouches

For Cellular Phones, PDA, Laptop, Radio Transmitters

## HIGHLIGHTS & APPLICATIONS

*InTech Defense* offers a complete line of RF shielded Pouches, Holsters, Bags and Cases designed to protect unwanted or unauthorized wireless transmissions.

This product line has been developed to answer the most common needs and uses the same manufacturing techniques and high quality material as our large RF Shielded Enclosures.

Particular care is given to guarantee high protection and a long life.

- Portable Wireless Devices Shielding
- Multi-Layer Technology
- Single- and Multi-Devices
- Soft and Hard Cases
- High RF Attenuation Levels
- Wifi/3G/4G Networks Covered

*InTech Defense pouches and bags are engineered and manufactured in the United States*

# Features and Technical Specifications Shielded Pouches, Bags and Cases

## Complete Line of RF Shielded Bags

**InTech Defense** offers a complete line of RF Shielded Pouches, Holsters, Bags and Cases designed to provide a very high level of security by providing a complete isolation of handheld or portable communication devices.

## Multi-Size, Multi-Devices, Multi-Layer

Our pouches, bags and cases are available for all sizes of devices, from cellular phone to large laptop. Multi-item bags and cases are available to individually shield a number of devices.

All **InTech Defense** shielded pouches, bags and cases are manufactured following a multi-layer technology presenting exceptional performances, including xG networks, wifi and strong signal levels.

## Individual Cellular Phone Pouches

Sized for all cellular phones, smart phones, PDA and hand-held transmitters.

Models

PB-CP-002 (12"x9")
